

# Maryland Spay/Neuter License Plates

Spread the word! Help support spay and neuter of companion animals and reduce pet overpopulation. Order a "Maryland PET license plate" and half the cost goes toward spay and neuter costs.

The cost for a MD PET spay/neuter plate is \$50 with \$25 going to PAW (and is tax deductible).

Just send us your name and mailing address plus a check for \$25 made out to PAW to:

PAW  
PET License Plates  
P.O. Box 1074  
Greenbelt, MD 20768

We will send you a state form, certifying that we received the \$25 donation from you. You then send or take the form to the Maryland Motor Vehicle Administration with a check for \$25 made out to the MVA. They will send you your new plates.

**Please note the following:**

- These plates cannot be personalized and the MVA will not process your application if you have outstanding traffic fines.
- Payment for your Spay/Neuter license plates is different than your registration fee to renew your license plates.
